

Active Body, Healthy Mind

Active Body, Healthy Mind offers supported sport and physical activity sessions to people across Oxfordshire, who are experiencing mental ill health.

With a wide range of fantastic sessions available, designed to fit around your life, you're bound to find something you'll enjoy!

Sessions include:

- Boxercise
- Canoeing
- Mountain biking
- Football
- Fishing
- Wall climbing
- Table Tennis
- Archery

Amy Priest Case Study

“It is hard to explain how I felt on the inside whilst looking fine on the outside. I have battled with depression since my teenage years and I dealt with it in all the wrong ways. I have been in recovery for over 10 years now and I am now dealing with my issues and illness in the right ways.

In 2015 I started to engage in the Get Connected scheme at Turning Point and through this I was introduced to the Active Body, Healthy Mind scheme run by Aspire. I started to do the Boxercise sessions at Spit N Sawdust gym and this helped my mental well being improve dramatically. I was placed on a level 1 boxing coaching course which I passed and i now help to facilitate classes with Dave Earl across the county.

I am so grateful to Aspire and the Active Body, Healthy Mind scheme for giving me this opportunity and I feel so much better in body and mind.”
